

IT'S TIME TO STAND TOGETHER TO PROTECT OUR JOBS

This is a difficult time for the aviation industry, Dnata workers and our families. We're together in this fight to ensure workers are safe and jobs and conditions are protected at this uncertain time.

- We are holding regular talks with Dnata to ensure every measure is taken to protect our jobs.
- As a general rule workers should never be forced to take paid or unpaid leave. This is an unprecedented time and we're doing everything we can to preserve workers' conditions. In order to protect jobs some measures will need to be taken and we will work side by side to mitigate this wherever possible.
- Once the industry has returned to full health, aviation workers must also be reimbursed for any leave or conditions they've had to use up during this period.
- We're pushing the government to provide assistance to the aviation industry to keep people in jobs and provide a financial assistance package that reaches workers' pockets.

We will continue to stand together to steer through this uncertain time. If you have any questions or concerns, please speak to your delegate or official.
