

UPDATE FOR VIRGIN TWU MEMBERS

MARCH 2020

Virgin approached the TWU in light of the coronavirus outbreak and disruption to their operations. TWU delegates and officials afterwards met to discuss their requests. They include:

- Management asked for additional time to publish rosters. Rosters will be published on Wednesday 18th March rather than the timeframe outlined in agreements. We know this will affect workers since rosters are important for organising work-life balance, however, based on the advice of our delegate-led committee we accept this is a reasonable request.**
- We have requested that Virgin email directly any worker who has rostered training such as EP, IPC or any other training so they are aware of timeframes.**
- If there is a particular problem with your roster please talk to your delegate.**
