Jan

Letter from StarTrack refusing to commence bargaining

TWU yard meetings commence. Majority sign petition to demand negotiations commence for one national agreement and for pay increase to apply from agreement expiry.

Feb

StarTrack writes to TWU agreeing to commence bargaining.

On Monday we formally wrote to StarTrack to invite them back to the bargaining table, providing dates including today and clauses for discussion.

But StarTrack continues to delay meeting with us. Despite deferral of negotiations by 6 months because of the pandemic, StarTrack has **deliberately held up negotiations** since last year, and now will not come back to the bargaining table. After an overwhelming PAB win by TWU members last week, it is clear that Startrack workers want to settle the outstanding issues.

STARTRACK HAS STILL REJECTED:

- ✗ Over 14 claims around protecting **job security** in light of significant increases outside hire
- ✗ **Start times**, meaning pre-shift overtime can be robbed from workers
- ✗ Any **2020 backpay**, instead delivering a wage freeze
- ✗ Any commitment to **lift superannuation**
- ✗ Our proposal for a plan to support **women** and people suffering **mental health issues**
- ✗ Pandemic leave, family & domestic violence, volunteer leave, disaster leave and defence leave
- ✗ **EA expiry** of 30 June 2023
- ✗ One **national agreement**

NOW

StarTrack will not commit to continue bargaining despite overwhelming PAB result

WE'RE CALLING ON STARTRACK TO STOP THE DELAY TACTICS AND DEAL WITH THESE OUTSTANDING ISSUES.
