

DRAFTING SUB COMMITTEE UPDATE

On Wednesday, 22 February another meeting of the Drafting Sub Committee was held between your union representatives and management.

RECAP

Agreement clauses that were discussed yesterday during the meeting included:

- Rostering
- Overtime
- Remuneration and superannuation
- Public holidays
- Code of conduct

NEXT STEPS

The Drafting Sub Committee is scheduled to meet on the following dates to keep up progress and to discuss a number of outstanding and important issues:

- Friday, 24 February
- Wednesday, 1 March
- Friday, 3 March

The current enterprise agreement requires significant improvement and major drafting changes.

Making sure that an agreement is properly drafted a vital part of the negotiation process. This is the document that will be put to drivers to vote on.

Once an agreement is in place, we need to unite like never before around enforcing every clause, every day. The same goes for uniting around making our bus network safe.

Together we are strong. Reach out to an TWU official or delegate today if you are keen to get more active in your union.
