

IT'S TIME FOR ANSWERS

It's been almost two months since Centurion last met with your bargaining team at the end of Feb as they failed to meet at Easter.

We are also still waiting on information that management promised to provide before the next meeting to support ongoing negotiations.

We've advised Centurion that another meeting needs to be scheduled as workers are still waiting on information, and expect the company to bargain in good faith. Enough is enough.

OUTSTANDING INFORMATION

We're hopeful that Centurion can provide the updated information to get the discussions back on track, as we do not want to see a rushed agreement when these and other key issues have yet to be addressed.

Outstanding information that Centurion has yet to provide include:

- ? Formula for the calculation of the common hourly rate, including RDOS and annual leave loading compensation
- ? Explanation on how public holidays will apply separately to the driving rate
- ? Clarification on how the proposed DG hourly/allowance will be implemented
- ? Explanation of proposed classification model and pay rates
- ? Supplying of draft agreement for parties to work from

- ▶ All members and non-members should join our national zoom meeting to get an update and have your say on the bargain.
- ▶ We are contacting management to set up a further meeting and push for the outstanding information.

TWU WIN

After robust discussions on the 2up pay, a **km rate increase has been passed** on to 2up drivers already. There is still more work to be done, but this increase is a great start and good news for all involved!
