

NATIONAL CONSULTATIVE COMMITTEE UPDATE

Your TWU National Committee met with StarTrack management representatives on 22-23rd May in Sydney as part of your consultation rights in the TWU-StarTrack Enterprise Agreement (EA).

Your committee utilised this process to address the following important issues raised by members.

OUTSOURCING OF WORK

'Streaming' is a polite word for outsourcing your work to cheaper labour like AusPost or outside hire. Outsourcing attacks your job security and take-home pay. We must stand strong together to hold StarTrack to account for this.

OTHER ISSUES RAISED:

- Payroll errors
- Insufficient number of driver trainers
- Lengthy Comcare workers' compensation approval process
- Manual handling policy needed for heavy parcels 32kgs+
- Public holiday payment after an absence
- Inconsistent compassionate leave entitlements
- Bargaining in 2024 – the renegotiation of the TWU-StarTrack agreements

Local issues

Your committee also raised many of the local issues brought up at the recent state delegates' meetings. Attend the next yard meeting to hear about the details and outcomes.
