

Our application to lift cabin crew pay by 40%

Big news for TWU cabin crew members.

We're applying to vary the Cabin Crew Award to substantially lift crew pay and conditions **across the board.**

What's the Cabin Crew Award?

Your Enterprise Agreement, which sets your pay and conditions, is underpinned by the Cabin Crew Award - a set of standards that all companies employing cabin crew must adhere to as a minimum. **But the pay and conditions in this Award have fallen behind through:**

- Gender undervaluation
- Increase to work duties and responsibilities without changes to pay

What we're doing

We have the ability to apply to change the Cabin Crew Award through the Fair Work Commission - our workplace tribunal.

If our application is successful this would lift pay and conditions of **all cabin crew right around the country.**
