

BARGAINING HAS STARTED

Bargaining has officially begun! Last week we kicked off the first bargaining meeting between Virgin and TWU Pit crew.

WHAT WE DISCUSSED

We had discussions of our priorities and made it clear we would be fighting for **minimum manning levels, proper resourcing, safer rosters, and better pay & conditions.**

Virgin management presented proposed changes to the payroll and rostering system. Dates for bargaining sessions are soon to be agreed on.

Virgin have also announced their financial results, making around \$280 million in half-yearly profits. Make no mistake - these results come directly from the hard work of crew!

WHAT YOU CAN DO

▶ Complete the bargaining survey.

If you haven't already completed the bargaining survey, make sure you get it done!

This will be the last week to have your say on what matters to you for negotiations. Reach out to your delegate or organiser for any further questions.

▶ Stay informed.

Keep an eye out for our log of claims that will be released for member endorsement soon.

▶ Not yet a member? Join today.

The more new members join, the more negotiating power your committee will have to achieve your claims.

JOIN THE TWU TODAY

We need everyone in the union to win the best outcome.
