

ENOUGH DELAYS: STARTRACK'S THREAT ON YOUR JOB SECURITY

After 16 months of bargaining,
**StarTrack is the only thing standing
between drivers and a done deal.**

In the interim, we've asked StarTrack to uplift
rates to the nationally voted and agreed
standard and pay backpay. **They refused.**

! StarTrack is demanding **the right to terminate
driver contracts with just 90 days' notice** for
any reason, without justification.

*This is termination by convenience. It would hand
StarTrack a backdoor to remove drivers whenever
it suits them, no questions asked.*

ALL OTHER MAJOR ISSUES HAVE BEEN RESOLVED. STARTRACK IS THE HOLD-UP.

► NSW has not reached a
final agreement either.

► We are currently exploring all available options **and will
update members as soon as we have updates.**

Unity remains our strongest weapon. Drivers represented by the TWU are in the
best position to secure and protect these gains.

WHAT YOU CAN DO:

Make your voice heard:

Speak to your manager or
supervisor and let them know
how you feel about the delay

Join the TWU

We must keep up the pressure on StarTrack to end the
delay. The strongest way to do that is by standing
together as a collective voice by becoming a member.

THE MORE STARTRACK HEARS FROM DRIVERS, THE HARDER IT IS TO IGNORE US.

TOGETHER, WE ARE STRONGER.
