

SWISSPORT ARE KIDDING THEMSELVES

Last week TWU members protested Swissport at Canberra Airport. Swissport responded saying **this**.

Workers know that's not what's happening on the ground.

TWU members are reporting:

- Damaged, unsafe GSE
- Chronic understaffing
- Heat injuries on the tarmac
- And a company shifting the cost of safety onto workers paid below industry standard

That's why workers are joining the TWU in record numbers to lift standards and force Swissport to take safety and fair conditions seriously.

TWU members are:

- Conducting safety blitzes
- Gathering evidence of breaches for safety regulators
- Getting HSRs elected
- Having WHS rights enforced

Join the TWU. Hold Swissport accountable.

2026 is the year we fight to lift standards right across the road transport industry and the more of us there are, the more bargaining power we have.
