

# ACFS UPDATE: MEMBERS WIN GROUND AT NEGOTIATING TABLE

Your member-led committee won major movement on key claims at the second round of negotiations with ACFS.

ACFS has still rejected important key claims and we need to keep the pressure on to make sure we can deliver a fair deal for union members.

## WINS SO FAR:

### YOUR WAGE CLAIM

| TOTAL<br>Over 3 years         | Year 1: | 4%                                    |
|-------------------------------|---------|---------------------------------------|
| Percentage<br>pay<br>increase | Year 2: | 3.5% or CPI<br>(whichever is highest) |
|                               | Year 3: | 3.5% or CPI<br>(whichever is highest) |

✓ All allowances to also increase without wage increases or Award (whichever is highest)

✓ Future of Work rights - workers have a voice as technology, automation, and AI.

✓ Improved Redundancy - severance pay increase to 3 weeks per year capped at 27 weeks (former Patrick's employees to remain the same)

✓ Mental Health First Aid Training to be provided to workers (details to come)

✓ Cultural and Religious Leave (details to come)

✓ 3-days Disaster & Community Service Leave

✓ Site Loader Rate at Grade 10 + \$25.95 allowance for VIC, SA, QLD, WA (NSW to remain the same)

✓ No attacks on existing conditions - ACFS has committed that no existing conditions or protections will be removed or diminished

## MAIN ISSUES:

✗ ACFS is still **refusing to agree to a 2029 June expiry** - prevents workers from negotiating future conditions up with the rest of the industry

✗ ACFS has **only 1% additional Super**, taking members to 14% (our claim is 15% in line with other major companies)

✗ ACFS has **rejected Productivity Training Allowance** which provides an extra \$25 per week or \$2600 allowance in years 2-3 (members access training for free)

✗ ACFS has **rejected a range of allowances**

✗ **4:1 Outside Hire Ratios enforced on state-basis** (currently national)

✗ **E-Depot Forklift Drivers Data Entry Allowance** (+\$25 a day)

▶ **Awaiting positions** on Parental Leave and Women's Advocate program

## NEXT STEPS

▶ **We need to ensure ACFS moves further to address key remaining claims.** To do this, the TWU is calling for all members to sign the Pledge to Action cards at your next meeting to:

- Commit to take action
- Sign up your workmates
- Prepare for a potential Protected Action Ballot (PAB)

▶ We need to send ACFS a clear message they need to deliver a fair deal for transport workers.
