As cabin crew, I understand the unique challenges we face every day and the importance of having someone who will genuinely listen to crew and advocate for meaningful improvements.

- I currently represent and support crew as a TWU Union Delegate.
- I'm not afraid to speak up, ask questions or challenge issues when I believe the safety, wellbeing or rights of crew is being affected.

Being apart of the WHSC, I will bring that same strong, approachable and accountable representation to workplace health and safety.

TWU's NSW office has the best WHS team in the country. SafeWork (the government body for WHS in Australia) go to the TWU's courses for their own training! Voting for Jay means he'll be trained and advised by the best.

VOTING IS NOW OPEN AND CLOSSES 18TH OF SEPTEMBER.
