

4 DODGY OFFERS FROM K&S

4 TIMES MANAGEMENT TOLD 'NO'

K&S workers have spoken, now we get ready to take action.

A huge congratulations for K&S workers, with 4 company agreements across Chemtrans VIC, Linehaul*, WA Freighters and SA Energy rejected.

These results send a clear message to management they cannot ignore: workers will not accept a sub-par agreement that doesn't Close the Gap, deliver the pay and conditions they deserve, and they are prepared to fight for it.

Management must now listen to workers and give them the pay and conditions they deserve.

***An overwhelming 77% of Linehaul workers voted 'No' to the agreement put forward by management!**

NOW WE TURN THE VOTES INTO PRESSURE

These 'No' votes show what's possible when workers stand together.

Every member must build up our support by talking to workmates who are not members and bringing them on board. If workers want better pay, conditions, and a fair deal from K&S, they need to be a part of the union that's fighting for just that.

The more of us there are, the better our chances of catching up to your counterparts at major companies.

K&S REFUSES TO CLOSE THE GAP

K&S wants to keep agreements split across different sites, making it easier to divide workers and harder to lift standards across the business.

Keeping workers divided only strengthens management's hand, it doesn't strengthen yours.

We have shown K&S that if it doesn't want to make a fair deal, workers are ready to stand together and fight for it.

Across the country, transport workers are standing together to Close the Gap by lifting wages, strengthening job security and tacking back the respect our industry deserves.

NEXT STEPS

Now is the time to fight for what you deserve. Over the coming days:

- ▶ **Talk to your delegates and organisers for more information.**
- ▶ **Talk to any workmate who is not a member.**
- ▶ **Be ready to stand together and take action to win a fair deal.**

2026 our roads, our skies, our future

This year, over 220 TWU Enterprise Agreements expire at the same time.

That's over 60,000 transport workers standing together to lift standards, end the race to the bottom and stop client attacks on job security.

This is our moment to win industry-wide change.
