NEXT STEPS

While discussions are still underway, **we will try to reach an Agreement as quickly as possible so workers can receive backpay.**

dnata has committed to negotiating a multi-employer agreement with Menzies that can set a level playing field of standards across the industry, and help stop competitors from undercutting good employers. Before we get there, **we need to lock in a strong agreement with dnata.**

- **Talk to anyone who is not a member, the more of us there are the easier it will be to push for the pay and conditions you deserve.**
